STAFF RECOMMENDATION: Approve

REASON FOR LEGISLATION: Identify responsibilities of Lincoln Public Schools and Parks and Recreation regarding the expenses and obligations for the ongoing use of Heritage school located at the Pioneers Park Nature Center.

DISCUSSION

Heritage School was moved from the former Nebraska State Fairgrounds to the Pioneers Park Nature Center in October, 2009. Financial assistance was provided by Lincoln Public Schools (LPS) for that relocation and improvements made at that time. Heritage School is used by LPS for its 4th grade curriculum. This Interlocal Agreement identifies who would pay for certain on-going utilities costs and shared funding of additional improvements, such as a new roof, at such time that those improvements were necessary.
